PLEASE NOTE: If you are presently seeking relief (or have previously been granted relief) under the United States Bankruptcy Code, this statement is being sent to you for informational purposes only. The summaries below are based on the terms of the loan and are provided for informational purposes only.

These amounts are governed by the terms of the loan unless otherwise reduced by an order of the bankruptcy court. Because the amounts billed for the escrow items can change over time, we review the escrow account at least once per year to ensure there will be enough money to make these payments. Once the review is complete, we send the escrow review statement, also known as the escrow account disclosure statement.

Here's what we found:

- **Required Minimum Balance:** The escrow account balance is projected to fall below the required minimum balance. This means there is a **shortage**.
- **Payments:** As of the **November 1, 2020** payment, the contractual portion of the escrow payment **increases**.

Part 2 - Payment calculations

For the past review period, the amount of the escrow items was \$3,991.86. For the coming year, we expect the amount paid from escrow to be \$3,991.86.

How was the escrow payment calculated?

To determine the escrow payment, we add the projected escrow items to be paid over the next 12 months. We base these projected amounts on any escrow items that may have been paid in the past and any future anticipated payments to be made. We then divide the amounts by 12 payments to determine the escrow amount.

The chart below includes any actual escrow disbursements as well as any shortage that may have been identified for the past three analysis periods up through the date of the analysis.

Escrow comparison

	12/17 - 11/18 (Actual)	12/18 - 11/19 (Actual)	11/19 - 09/20 (Actual)	11/20 - 10/21 (Projected)		# of months		New monthly escrow amount

Total escrow	\$3,336.38	\$4,013.00	\$3,991.86	\$4,369.66	÷	12	=	\$364.14

**This amount is added to the payment if Option 1 on page 1 is selected.

Projected escrow account activity over the next 12 months

To determine if there will be a shortage or overage in the account, we calculate whether the amount of the lowest projected escrow balance will be greater or less than the required minimum balance. This is determined by subtracting the required minimum balance from the lowest projected balance. If the outcome is positive, there is an overage. If it is negative, there is a shortage. The calculation is below:

Lowest projected escrow balance September, 2021		-\$380.53	(Calculated in Part 3 - Escrow account projections table)
Bankruptcy adjustment [†]	+	\$668.05	
Minimum balance for the escrow account [†]	-	\$665.32	(Calculated as: \$332.66 X 2 months)
Escrow shortage	=	-\$377.80	

[†]This adjustment of \$668.05, is the remaining amount of the pre-petition escrow shortage included in our proof of claim being paid through the confirmed bankruptcy plan.

[†]The minimum balance includes a cash reserve to help cover any increase in taxes and/or insurance. To calculate the cash reserve for the escrow account, we add the yearly escrow payments, and divide by 12. We take this amount and multiply it by 2 as allowed by state laws and/or the mortgage contract to determine the cash reserve.
